

Capture every precious moment

Come at 3, 6, and 12 months.
Optional newborn shoot is free.

Traditional Plan \$175

Includes sitting fees and a
10x20 mounted print of the
best images

- Add a maternity or extra session for \$25
- Upgrade to location for \$40
- Plan expires when baby is 15 months old
- Twins or higher multiples are included in a single plan.

We can also design a custom
birth announcement.

Digital Plan \$895

Includes nine printable files and
nine 4x6 reference prints.

Newborn (optional). This bonus session is a great time to capture a sleepy baby and especially to do special shots with mom or dad (no makeup required, and they are all black, so only hands and profile shows.) Also a perfect time to do announcements.

Three months. Baby can be bare, in a diaper with a diaper cover, or can wear a cloth diaper. You may also need a formal shot in a special outfit or baptism clothes, and if you have not yet shot announcement photos, it is not too late! If you came for a newborn shot, wait until baby can push up on his/her belly and hold head straight.

Six months (or so). Watch that amazing big chubby cheek smile! Your child should be sitting without assistance for this session, so wait a week or two if needed. Appropriate clothing includes: Diaper covers, bloomers, overalls, onesies, or a simple solid-colored outfit. This is an ideal session for naked shots with a cowboy hat or one of our antique bonnets.

One Year. Now we start to see that little personality shine through. Choose either a formal or casual session. Clothing ideas include: overalls, bare feet, tulle dresses, solid shirts and slip dresses.

Maternity. Add a belly session to your plan for just \$25. Bring a white button-down shirt and jeans or khaki pants. Dad should dress the same. We will also wrap you in many silky fabrics for those lovely breezy shots.

The plan expires when baby turns 15 months.

A Year of Baby Story Book and DVD

\$295 with a baby plan

In these amazing coffee table books, you and I will sit down and tell the story of your pregnancy and the baby's first year. We will use my images as well as your snapshots from home to create a memory book that you will cherish.

Each page is hand designed, then published as a hardbound printed book. You will also receive a DVD slide show of your pages.

Standard book size: 8 1/2x11 and 20 sides (10 physical pages) with approximately 50 images.

Additional pages are \$15 per pair. You may also upgrade to a 10x10 layflat book for \$75. Second copies can be purchased at a discount.
